Welcome

Fundamentals of Radiochemistry Certification Exam

Welcome to the online Certification Exam series from the Radiochemistry Society.

You will have a time limit of 30 days in which to complete the exam, then your login will automatically expire (which you will then have Alumni status & no longer be eligible to take the exams). For Fraud Prevention purposes, your tracks & time will be recorded on this exam. To navigate, use the Course Navigation menu at right or click on the Tests tab above.

Once you've completed the exam you will be able to review your score after the exam has been graded. Good Luck!
